

# Free RAIN GARDEN WORKSHOP

**All Attendees will receive a FREE PLANT!**

**Compliments of Wayside Garden Center.**

**Where: Macedon Town Library 30 W. Main St. Macedon**

**When: Tuesday, May 21st, 2019 from 6:30 –7:30 p.m.**

**What: Help improve and protect local water quality by making your own rain garden!**

Homeowners can disconnect the downspouts on their house and direct the rainwater from their roof to a rain garden where the water soaks into the ground and waters the plants. Rain gardens look like regular gardens and are only wet for a few hours after a rain storm. There is a wide variety of native, perennial plants that can be used in a rain garden. Come and learn how easy it is to disconnect your downspout and install a rain garden in your yard.

In this workshop, you will learn everything you need to know to make your own rain garden. **This is a FREE presentation.** Space is limited so we request that you register ahead of time. ***Please call 315-986-5932 to register.***
